Chapter News:

It is great to have events popping up in our chapter again! J

KHQ Television in Spokane has requested the geocaches on their property up on Tower Mountain be archived, as they are beginning to enforce No Trespassing on the property. There were three geocaches affected, the oldest having been on the mountain the past 13 years, followed by 12 years and 2 years. I reached out to the property owner and KHQ general manager in hopes of saving the caches, to no avail. As such, I have been working with the COs and a Reviewer to remove the caches and put the area off limits with GCHQ.
